#### STATEMENT OF WORK

Note 1: A. The use of Commanding Officer means: Commanding Officer, Naval Hospital Okinawa, Japan, or a designated government representative, e.g., Contracting Officer's Representative (COR), Department Head, etc.

NOTE 2: The terms "contractor" and "health care worker" are synonymous and mean the individual identified in block 17a on the SF1449 who is providing services under this contract.

NOTE 3: The term "MTF" refers to the Military Treatment Facility or other Federal Medical Treatment Facility at which services are performed.

#### 1. STATEMENT OF WORK.

1.1. The health care worker (HCW) shall provide, in accordance with this statement of work, comprehensive Physician services in support of Naval Hospital Okinawa, Japan for treatment of active duty military personnel, their dependents, eligible Navy civilian employees, and other eligible beneficiaries, in accordance with the terms and conditions of the Contract.

1.2. While on duty, the HCW shall not advise, recommend, or suggest to individuals authorized to receive services at Government expense that such individuals should receive services from the HCW when he or she is not on duty, or from a partner or group associated in practice with the HCW, except with the express written consent of the Commander. The HCW shall not bill individuals entitled to those services rendered pursuant to this contract.

1.3. This contract does not allow the HCW to telecommute, due to the nature of medical personal services which require Government supervision, access to Composite Health Care System (CHCS)/Armed Forces Health Longitudinal Application (AHLTA), and access to patients physically located at the MTF.

1.4. The HCW shall comply with Executive Order 12731, October 17, 1990, (55 Fed. Reg. 42547), "Principles of Ethical Conduct for Government Officers and Employees," and shall also comply with Department of Defense (DOD) and Department of the Navy (DON) regulations implementing this Executive Order.

1.5. Suits arising out of Medical Malpractice. The HCW is serving at the military treatment facility under a personal services contract entered into under the authority of Section 1091 of Title 10, United States Code.

1.5.1. The HCW providing services under the Contract shall be rendering personal services to the Government and shall be subject to day-to-day supervision and control by Government personnel. Supervision and control is the process by which the individual HCW receives technical guidance, direction, and approval with regard to the requirements of the Contract.

1.6. Except as provided in this clause, the HCW is not prohibited from conducting a private practice of their professions or from engaging in other employment. However, the HCW shall not, simultaneously with performance under the Contract, engage in other employment that creates a conflict of interest, violates federal law, or potentially compromises the quality of their work under the Contract. Further, such private practice or other employment shall not be conducted during those hours in which the HCW are required to render services under the Contract. The HCW shall make no use of the Government facilities or property provided under the Contract in connection with other employment. (NAVMED P-117, Chapter 1, Article 1-22 applies (<http://www.med.navy.mil/directives/Pages/NAVMEDP-MANMED.aspx>).

1.7. The HCW shall be neat, clean, well groomed, and in appropriate clothing when in patient care and public areas. All clothing shall be free of visible dirt and stains and shall fit correctly. Fingernails shall be clean and free from dirt, and hair shall be neatly

trimmed and combed. HCW shall display an identification badge, which includes the HCW's full name and professional status (furnished by the Government) on the right breast of the outer clothing. Security badges provided by the Government shall be worn when on duty. In addition to the identification badge, the HCW shall self-identify as a Contractor in all meetings, telephone conversations, and formal and informal written correspondence with Government personnel.

1.8. The HCW shall read, write, speak and understand the English language fluently.

1.9. The HCW shall arrive for each scheduled shift in a well-rested condition and shall have had at least 6 hours of rest immediately prior to reporting for the shift.

1.10. The HCW shall become acquainted with and obey all station regulations, shall perform in a manner to preclude the waste of utilities, and shall not use Government property for personal business. All motor vehicles operated on these installations by the HCW shall be registered with the base security service according to applicable directives. Eating by the HCW is prohibited in patient care areas and is restricted to designated areas. Smoking is prohibited in all facilities; the HCW shall comply with the rules and regulations of the MTF.

1.11. The HCW shall comply with all MTF checkout processes. These processes include returning Government property, i.e., identification badges, pagers, cellular phones, etc., to the MTF upon the HCW's last day of service. Failure to do so promptly may result in delay of payment of the final invoice.

1.12. All financial, statistical, personnel and technical data which is furnished, produced or otherwise available to the Contractor during the performance of the Contract are considered confidential business information and shall not be used for purposes other than performance of work under the Contract. Such data shall not be released by the Contractor without prior written consent of the COR. Any presentation of any statistical or analytical materials, or any reports based on information obtained from studies covered by the Contract, will be subject to review and approval by the COR before publication or dissemination.

1.13. The Secretary of the Navy has determined that the illegal possession or use of drugs and paraphernalia in a military setting contributes directly to military drug abuse and undermines Command efforts to eliminate drug abuse among military personnel. The policy of the Department of the Navy (including the Marine Corps) is to deter and detect drug offenses on military installations. Measures to be taken to identify drug offenses on military installations, and to prevent introduction of illegal drugs and paraphernalia, include routine random inspection of vehicles while entering or leaving with drug detection dogs when available, and random inspection of personal possessions on entry or exit. If there is probable cause to believe that the HCW has been engaged in use, possession, or trafficking of drugs, the HCW may be detained for a limited period of time until he or she can be removed from the installation or turned over to local law enforcement personnel having jurisdiction. When illegal drugs are discovered in the course of an inspection or search of a vehicle operated by the HCW, the HCW and vehicle may be detained for a reasonable period of time necessary to surrender the individual and vehicle to appropriate civil law enforcement personnel. Action may be taken to suspend, revoke, or deny installation driving privileges. Implicit with the acceptance of the Contract is the agreement by the HCW to comply with all Federal and State laws as well as regulations issued by the Commanding Officer of the military installation concerning illegal drugs and paraphernalia.

1.14. Comply with the standards of the Joint Commission, applicable provisions of law and the rules and regulations of any and all Governmental authorities pertaining to licensure and regulation of health care personnel and medical treatment facilities, the regulations and standards of medical practice of the MTF and the bylaws of the hospital's medical staff. Adhere to and comply with all Department of the Navy, Bureau of Medicine and Surgery and local Clinic instructions and notices that may be in effect during the term of the Contract.

1.15. Due to the nature of medical personal services which require Government supervision, there is a need for HCW access to CHCS/AHLTA for patients that present only at the MTF, the Contract does not lend itself to allow the HCW to telecommute.

## 2. DUTY HOURS.

2.1. Duty Hours. The HCW shall be on duty in the assigned work areas for 40 hours each week. The HCW shall normally provide services for an 8.5 to 9 hour period, (to include an uncompensated .5 or 1 hour for lunch). Any changes in the schedule shall be coordinated between the HCW and the Government.

Clinic hours may be adjusted at the discretion of the Commanding Officer (CO). Clinic hours shall extend past the scheduled closing time to complete treatment of scheduled patients. The last patients of the day generally have an appointment time 15 to 20 minutes before the scheduled clinic closing time. Services may necessitate contract health care workers to travel to or occupy spaces at a Military

Treatment Facility (MTF) branch medical clinic or other location in order to facilitate the delivery of services to military units, make phone calls back to CONUS in timely manner, and meet the patient appointment demands.

2.3. When required, to ensure completion of services that extend beyond the normal close of business, the HCW shall remain on duty in excess of the scheduled shift. The HCW will be given an equal amount of compensatory time to be scheduled upon mutual agreement of the HCW and the Commanding Officer. The HCW shall use all compensatory time within a two week period. All unused compensatory leave will be forfeited, if not used at the end of the period of performance. If the Contract is terminated, there will be no reimbursement for any accrued compensatory time balance. In the event the HCW gives notice, all compensatory time must be used with the notice period or forfeited. This provision is not intended to apply to the time required to complete routine tasks (e.g., completion of paperwork or routine administrative tasks at the end of a shift), which are to be completed as part of the shift.

2.4. The HCW's services shall not be required on federally established holidays.

2.5. The Commanding Officer or designated Government representative will supervise the HCW.

### 3. ABSENCES AND LEAVE.

3.1. Planned absences from assigned duties shall be requested with 15 working days advance notice, in writing, to the Commander. Four (8) hours of personal leave are accrued by the HCW at the end of every 40- hours worked. The HCW shall be compensated by the government for these periods of authorized planned absence. This leave shall be used for both planned (vacation) and unplanned (sickness) absences.

3.2. Unless otherwise negotiated between the Contracting Officer, the Supervisor and the HCW, the MTF will administer the HCW's leave in accordance with the guidelines for Federal civil service employees. These guidelines relate to, among other topics, annual leave, administrative leave, Leave Without Pay (LWOP) and holidays.

3.3. If the HCW is absent for three or more consecutive days due to illness, he or she may be required by the Commanding Officer to provide written documentation from a qualified health care provider that he or she is free from communicable disease and the cause of the HCW's current illness. The Government reserves the right to examine and/or re-examine any HCW who meets this criterion.

3.4. Reserved

The HCW will reimburse the Government for all medical services provided unless the HCW is otherwise entitled to Government medical services.

3.6. For unusual and compelling circumstances (e.g., weather emergencies) in which the Commanding Officer either excuses all facility personnel from reporting to work or dismisses all personnel early, the Commanding Officer is authorized to grant administrative leave to the HCW. This administrative leave may be compensated leave.

3.7. Furlough. Except as otherwise provided in this paragraph or unless specifically authorized in a DoD Appropriations Act or a continuing resolution, the obligation of the Contractor to perform services under the Contract, and the Government's obligation to pay for such services, shall be suspended during a Government furlough. In the event of a Government furlough, the Commander will determine which Contractor employees are considered "essential" and therefore must report to work. Only Contractor employees deemed "essential" by the Government shall be compensated for services rendered during a furlough. All other Contractor employees will be furloughed until the Government shutdown ends or the COR notifies them that they have become "essential" employees.

3.11. Jury Duty: Administrative leave may be granted for the HCW if selected to serve jury duty. Requests for administrative jury duty leave shall be submitted to the Commanding Officer in the same manner as planned leave is requested. The HCW is required to provide the Commanding Officer with as much written notice as possible prior to reporting for jury duty and is responsible for supplying documentation regarding the necessity and length of absence for jury duty. A HCW whose position is deemed critical by the Commanding Officer may be issued a written request for the court to excuse the HCW from jury duty. 4.3.3. Orientation will be provided to the HCW, as required, during initial regularly scheduled shifts.

4.4. Credentials Requirements.

4.4.1. Credentialed HCWs. The privileging authority per DHA-PM 6025.13 will grant clinical privileges where appropriate to those HCWs requiring privileges to perform services. If a HCW's employment with the contractor ends for any reason, all clinical privileges and medical staff appointments shall be terminated without recourse to the fair hearing and appeals procedures specified by the medical staff bylaws and DHA-PM 6025.13.

4.4.2. Following award of a task order, the COR shall forward to the Contractor the forms and documents necessary for the contractor to develop the Credentials Record(s) (CR), which is used as the basis of a clinical competency determination. The CR, maintained at the MTF, contains specific information with regard to qualifying degrees, licenses, national and/or board certifications, past professional experience and performance, education and training, health status, and clinical competency as compared to specialty-specific criteria regarding eligibility for defined scopes of health care services.

4.4.3. The Contractor shall submit a complete CR (to include documentation of current clinical competency) to the COR no fewer than 30 days prior to performance of duties. For those HCWs who currently have a CR on file, an updated Personal and Professional Information Sheet (PPIS) for Privileged Providers, with notation that a complete up-to-date CR is on file, shall be submitted no fewer than 15 days prior to commencement of services, in accordance with local policies.

4.4.4. The Contractor is responsible for prime source verification of all licenses, certifications, education, training, employment/professional affiliation history, and any other documentation required by the Medical Staff Services Professionals (MSSP) prior to submission of the CR to the COR. For verifications obtained via phone or written correspondence, the contractor shall provide written documentation from the verifying agency that includes the agency POC, position and contact information, the agency name, and the date of verification. For verifications obtained from a website that complies with The Joint Commission's accreditation standards for primary source verification, the contractor will provide a legible portable document format (.pdf) version of the web-based primary source verification and include the inquiry date and the website Uniform Resource Location (URL) address.

4.4.5. Upon receipt of a complete CR, the COR will forward the CR to the MTF's Medical Staff Services Office (MSSO) for credentials review of the individual HCW. The MSSO shall ensure the CR is complete in accordance with (IAW) DHA-PM 6025.13. The contractor shall not assign an individual to work at the MTF until the HCW's CR has been approved by the designated Privileging Authority or other designated authority for Clinical Support Staff HCWs (i.e. registered nurses, dental hygienists, etc.) and shall discontinue the service of an individual who fails to maintain compliance with qualification and credentialing requirements

4.4.6. If the Contractor submits an incomplete CR, the COR will notify the Contractor. An incomplete CR will not be processed, and may be returned to the contractor if a prepaid means of return was provided when the original package was submitted; an incomplete CR package will not be retained by the COR. Presentation of incomplete packages by the Contractor may be evaluated as part of the performance evaluation on future awards.

4.4.7. If, during the Government's evaluation of the CR, a negative current clinical competency assessment is determined, it will bring the MTF's consideration of the HCW's application for credentials review and privileging to an immediate close. Since meeting credentialing requirements and, as applicable, being granted privileges is required as a condition of employment under this contract, a negative current clinical assessment may result in the issuance of a Contract Discrepancy Report (CDR) notice by the Contracting Officer in accordance with Federal Acquisition Regulation (FAR) 52.249-12.

4.4.8. Throughout the contract, the Contractor shall ensure that all documentation necessary to maintain a current CR is submitted to the MSSO via the COR, for inclusion in each file. The Contractor shall maintain its own complete credential file for each HCW, which will be made available for Government inspection upon request if needed for further credentials review.

4.4.9. If clinical privileges are suspended or held in abeyance pending an investigation into questions of professional ethics or conduct, performance under this contract may be suspended until clinical privileges are reinstated. No reimbursement shall be made and no other compensation shall accrue to the contractor so long as performance is suspended or clinical privileges are held in abeyance. The denial, suspension, limitation, or revocation of clinical privileges based upon practitioner impairment or misconduct may be reported to the appropriate licensing authorities of the state in which the license is held IAW DHA-PM 6025.13.

4.4.10. Permanent revocation of clinical privileges and permanent adverse administrative actions due to professional misconduct against licensed or certified practitioners may be reported to the appropriate professional licensure clearinghouse, and/or the National Practitioner Data Bank, and/or to the licensing authorities of the state in which the license is held in compliance with SB DHA-PM 6025.12. The Department of Defense participates in the national reporting system established under Part B of the Health Care Quality Improvement Act of 1986, Public Law 99-660. Reports, naming individual practitioners, may be submitted to the National Practitioner Data Bank in accordance with this Act.

4.4.11. Non-credentialed HCWs. The Contractor shall submit a qualifications package to the COR for each non-credentialed HCW. Prior to Contractor HCWs providing services under this contract, the COR will verify the contract compliance of each HCW with the qualification requirements appropriate to their employment category. For HCWs who do not currently have a qualification package on file at the facility, the contractor shall submit a package at least 15 days prior to commencement of

services. For those HCWs who currently have a qualifications package on file, an updated qualification package shall be submitted no less than 15 days prior to commencement of services, in accordance with local policies.

4.4.12. The Contractor is responsible for prime source verification of all licenses, certifications, education, training, employment/professional affiliation history, and any other documentation required by the COR prior to submission of the qualifications package. For verifications obtained via phone or written correspondence, the contractor shall provide written documentation from the verifying agency that includes the agency point of contact (POC), position and contact information, the agency name, and the date of verification. For verifications obtained from a website that complies with The Joint Commission's accreditation standards for primary source verification, the contractor will provide a legible .pdf version of the web-based primary source verification and include the inquiry date and the website URL address.

4.4.13. If the Contractor submits an incomplete qualifications package, the COR will notify the Contractor. Incomplete qualifications packages will not be processed, and may be returned to the contractor if a prepaid means of return was provided when the original package was submitted. Incomplete CR packages will not be retained by the COR. Presentation of incomplete packages by the contractor may be evaluated as part of the performance evaluation on future awards.

4.4.14. The Contractor shall ensure that all documentation containing HCW personally identifiable information (PII) and/or the Health Insurance Portability and Accountability Act (HIPAA) information is marked appropriately and handled in accordance with all applicable rules and regulations.

4.4.15. The Contractor shall provide a copy of each HCW's renewal/update of certifications, including but not limited to flu shots, certifications (BLS, ACLS, PALS, etc.), licenses and/or certifications. If requested, the Contractor shall provide a report of HCW status for reportables such as, but not limited to flu shots, certifications (BLS, ACLS, PALS, etc.), licenses and/or certification. The report shall be in table format, alphabetical by HCW's name, and list the status of the reportable items. Such reports shall be provided within 10 business days of request.

4.4.16. The Contractor shall inform the COR of any HCW terminations of employment within 24 hours of the action.

#### 5. FAILURE AND/OR INABILITY TO PERFORM.

5.1. This contract may be found voidable at the option of the Government if the contractor fails to provide the requested physical certification.

5.2. Should the HCW be unable to perform duties under the contract due to medical or physical disability for more than 13 consecutive days, performance under the contract may be suspended by the Contracting Officer until such medical or physical disability is resolved. If performance under the contract is so suspended, no reimbursement shall be made and no other compensation, including annual/sick leave, shall accrue to the HCW so long as performance is suspended.

5.3. Any HCW demonstrating impaired judgment shall be removed from providing health care services. The Government reserves the right to remove any employee who, in the judgment of a licensed physician, is impaired by drugs or alcohol.

5.3.1. Any HCW with alcohol or drug abuse problems may be allowed to return to work under the terms of the contract only with prior Government approval.

The physical examination and immunization documentation shall indicate that the HCW is free from mental or physical impairments that would restrict the HCW from providing the services described herein. The requirements are provided on the HEALTH EXAMINATION AND IMMUNIZATION/SCREENING REQUIREMENT FORM, the current version of which is available at:

[http://www.med.navy.mil/sites/nmlc/Public\\_Docs/Physical%20Exam%20and%20Immunization%20Form.pdf](http://www.med.navy.mil/sites/nmlc/Public_Docs/Physical%20Exam%20and%20Immunization%20Form.pdf). The Contractor shall always obtain the current version from the web page and shall have the form completed in its entirety in accordance with its instructions. The facility shall identify any incumbent HCW who is not required to complete this documentation after Contract award. Declinations shall only be permitted based on either the HCW's religious convictions or medical contraindications (as documented by a qualified health care provider). The Hepatitis B vaccine declination can be found on the World Wide Web at <http://www.osha.gov/SLTC/etools/hospital/hazards/bbp/declination.html>.

6.2.1.1. Except for the HCW who decline Hepatitis B vaccine as given above, the Hepatitis B requirements given in the HEALTH EXAMINATION AND IMMUNIZATION/SCREENING REQUIREMENT FORM, provide that the HCW must either show a positive titer or demonstrate persistent non-response to the vaccine. The HCW may be approved for service at the MTF prior to achieving a Hepatitis B positive titer or demonstrating a persistent nonresponse according to the following provisions:

6.2.1.1.1. The HCW must receive the first vaccination of his/her initial vaccination series prior to commencing service under the Contract and must complete the series not later than 6 months after commencing service and, if a negative titer is obtained, must complete the second series within another 6 months; or

6.2.1.1.2. The HCW who has completed his/her initial series and obtained a negative titer must commence his/her second vaccine series prior to commencing service and must complete the second series not later than 6 months after commencing service.

6.2.1.1.3. The HCW approved according to the provisions above will be considered persistent non-responders until there is evidence to the contrary and will be counseled by a licensed practitioner regarding the implications of nonresponse.

6.2.1.1.4. If the HCW fails to comply with the applicable schedule above, the Contract may be terminated if so directed by the Contracting Officer.

6.2.2. Except as provided in paragraph 6.2.3 or 6.2.4 below, or unless the HCW is otherwise entitled to Government medical services (e.g., an eligible beneficiary), no medical tests or procedures required by the Contract may be performed in the MTF. Expenses for all required tests and/or procedures shall be borne by the Contractor at no additional expense to the Government.

6.2.3. The HCW shall agree to undergo personal health examinations and such other medical and dental examinations at any time during the term of the Contract, as the Commanding Officer may deem necessary for preventive medicine, medical surveillance

or performance improvement. These examinations will be provided by the Government. If the Contractor chooses, these examinations may be provided by private physician or dentist, at no expense to the Government.

6.2.4. It is essential that the HCW be vaccinated annually against influenza according to Bureau of Medicine and Surgery, (BUMED) and Centers for Disease Control (CDC) guidelines aimed at reducing the impact of influenza disease in health care settings. The Government will provide the influenza vaccine free of charge. If the HCW chooses to be immunized by the Government, the HCW shall sign a waiver releasing the Government from legal liability in accordance with local procedures and policies. Alternately, the HCW may obtain the vaccine at another facility, with the HCW bearing the total cost, and provide proof of vaccination to the Government. If the HCW declines vaccination, a signed declination form shall be provided to the Government in accordance with CDC recommendations and MTF policies.

6.2.5. A HCW who does not show a positive antibody titer after immunization and appears to have a "non-immune" status must report varicella exposure to the COR. In accordance with CDC Recommendations, the HCW may be removed from patient care duties beginning on the tenth day following exposure and remain away from work for the maximum incubation period of varicella (21 days). In this instance, the HCW will be considered to be in a leave status.

6.2.6. Prior to reporting for service at an MTF, each contract HCW shall be screened at Contractor expense for risk of exposure to tuberculosis (TB) as part of the Health Examination and Immunization/Screening Requirement Form in 6.2.1. If the HCW is determined to have a low risk of exposure, no further screening or testing is required under this Contract. The initial screening may be waived, at the discretion of the MTF, if the Contractor provides evidence of a prior low risk assessment by a licensed physician. If the initial screening results in a determination that the HCW has an increased risk of exposure to TB, the Contractor is responsible for ensuring that the HCW receives targeted screening and testing in accordance with CDC Guidelines for Health-Care Settings and submitting timely records of subsequent screening or testing to the COR.

6.2.7. BLOODBORNE PATHOGEN ORIENTATION PROGRAM. The HCW shall participate in the Command's Bloodborne Pathogen Orientation Program. The HCW shall also participate in all required annual training and in periodic training for all procedures that have the potential for occupational exposure to bloodborne pathogens.

(2) [ \_\_\_ ] Have, [ \_\_\_ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) [  ] Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror [  ] does [  ] does not certify that—

(c) **Miscellaneous Provisions:** The Healthcare worker has the right to obtain a copy of any background check pertaining to them and to challenge the accuracy and completeness of the information contained in the report. A background check that provides adverse information that is unable to be mitigated or resolved and ultimately prevents the healthcare worker from performing contract duties will result in contract termination.

With written recommendation from the Commander, and the approval of the Contracting Officer, a healthcare worker with a background investigation pending completion may be permitted to perform work under this contract prior to the completion of the background check, provided the healthcare worker is within sight and continuous supervision of an individual with a successful background check.

(d) Unless HCW have a current security clearance, prospective employees shall be required to complete the Tier-3 level Background Investigation, which includes a Local Background Records Check, SF-86 Security Questionnaire (via E-QIP), and finger prints obtained upon arrival. **\*\*If the final adjudication is found unfavorable, CAC card will be revoked and access to IT systems shall be terminated immediately\*\*.**

#### CRIME CONTROL ACT OF 1990 REQUIREMENT

(a) Section 21 of the Crime Control Act of 1990, 42 U.S.C. 13041, as amended by section 1094 of Public Law 102-190, requires every facility operated by the Federal Government (or operated under contract with the Federal Government) that hires (or contracts to hire) individuals involved in the provision of child care services to assure that all existing and newly hired employees undergo a criminal background check. The term "child care services" is defined to include health and mental health care.

**(b) The Government will conduct criminal background checks on the Contractor providing child care services under this contract based on fingerprints of the Contractor obtained by a Government law enforcement officer and inquiries conducted through the Federal Bureau of Investigation (FBI) and State criminal history repositories.**

(c) Within 30 days after contract award, the Contractor shall provide all reasonable and necessary assistance to the Government, including compliance with the employment application requirements set forth in 42 U.S.C. 1304(d). Upon receipt of the results of a background check, the Contractor further agrees to undertake a personnel action in accordance with 42 U.S.C. 1304(c), when appropriate.

(d) The Contractor shall have the right to obtain a copy of any background check pertaining to itself and to challenge the accuracy and completeness of the information contained in the report.

#### INFORMATION TECHNOLOGY/SENSITIVE INFORMATION SECURITY REQUIREMENTS

(a) Contractor personnel shall meet the personnel security requirements for Sensitive and Information Technology (IT) positions outlined in Secretary of Navy (SECNAV) Manual M-5510.30 and SECNAV Instruction 5510.30 (most current version). Department of Navy (DON) IT positions include any position in which the incumbent has access to DON IT systems and/or performs IT-related duties with varying degrees of independence, privilege and/or ability to access and/or impact sensitive data and information. Use of CHCS and/or AHLTA is illustrative examples of such systems where security requirements apply.

(b) The same level of trustworthiness is required for contractor personnel as is required for Government personnel requiring similar access to and/or processing of proprietary data, information requiring protection under the Privacy Act of 1974, sensitive information, and Government-developed privileged information involving award of contracts; including user level access to DON or DOD networks and information systems, system security and network defense systems, or to system resources providing visual access and/or ability to input, delete or otherwise manipulate sensitive information without controls to identify and deny sensitive information. As such positions filled under this contract are designated as Non-Critical Sensitive (NCS), and IT-II.

(c) U.S. citizenship is a basic condition for assignment to a designated sensitive IT position. U.S. citizens who are also dual citizens are not specifically excluded from occupying either sensitive or designated IT positions, however, a dual citizenship status raises foreign influence and foreign preference concerns that will most likely prohibit interim assignment pending favorable investigation and adjudication of these issues. Eligibility will not be established for persons who hold a foreign passport. The U.S. citizen reference in the aforementioned regulation(s) make no distinction between those who are U.S. citizens by birth, those who are U.S. nationals, and those who have derived U.S. citizenship or those who acquired it through naturalization. Additional information on U.S. citizenship requirements is contained within SECNAV Manual M-5110.30 and

SECNAV Instruction 5510.30. MTF security personnel must validate citizenship of individuals before submitting initial personnel security investigation requests.

- (d) The investigative basis for assignment to a designated NCS/IT-II position is a favorably completed and adjudicated National Agency Check with Local Agency and Credit Checks (NACLIC) for contractor employees.
- (e) Personnel background investigations and training must be initiated and interim approval/temporary access be granted before access to DOD and DON IT systems/networks or DOD and DON sensitive information is allowed.
- (f) Contractor personnel shall report to the COR to receive MTF specific processing instructions to complete the appropriate personnel security questionnaire, complete and submit the appropriate paperwork for the background investigation or provide proof of a favorable adjudication, and receive requisite training. A copy of the temporary access approval shall be provided to the COR upon receipt by the contract employee.
- (g) The Navy manual and instruction referenced in paragraph 1.2.1 leave open the possibility of a waiver to the policies described herein. See M-5510.30, Chapter 1-10. However, neither the contracting officer nor the Commanding Officer of the MTF is authorized to grant such a waiver. All waiver requests must be forwarded to, and approved by, the Chief of Naval Operations (N09N2). In the event that the contractor wishes to pursue this course of action, it shall contact the COR of the MTF for the proper administrative procedures. The Commanding Officer of the MTF, or designee, shall decide if an individual waiver request will be submitted to the CNO. The mutual understanding of the parties is that waiver requests are rarely, if ever, granted, and further that delays in the processing of, or the failure of the Navy to act favorably on, such a request does not excuse the contractor from performance under this contract.

#### PHYSICAL EXAMINATION CERTIFICATE

- (a) The health care worker shall obtain, at Contractor expense, a statement from the health care worker's physician or a report of a physical examination within 60 days prior to contract start indicating that the health care worker is free from mental or physical impairments which would restrict the health care worker from providing the services described herein. The statement must contain, as a minimum, the information described in Attachment (2) in Section J.
- (b) Except as provided in c, below, no medical tests or procedures required by the contract may be performed at the MTF. Expenses for all required tests and/or procedures shall be borne by the health care worker at no additional expense to the Government.
- (c) Further, the health care worker shall agree to undergo personal health examinations and such other medical and dental examinations at any time during the term of this contract, as the Commanding Officer may deem necessary for preventive medicine, quality assurance, or privileging purposes. These examinations will be provided by the Government. If the health care worker chooses, these examinations may be provided by the private physician or dentist at no expense to the Government.
- (d) Prior to the commencement of performance under this contract, the Technical Liaison shall direct the health care worker to inprocess through standard facility procedures. Health care workers who have patient contact must show immunity to Measles, Mumps and Rubella (MMR) through Serological testing which shows zero-positivity to MMR or proof of vaccination (persons born prior to 1957 must have received one dose of MMR vaccine, persons born in 1957 or later must have received two doses of MMR vaccine). The health care worker shall provide evidence of varicella immune status or a statement of history of chicken pox. Additionally, health care workers must provide a current Purified Protein Derivative (PPD) reading, or evaluation if known PPD reactor, on an annual basis. The health care worker is responsible for any expenses incurred for required testing.
- (e) The health care worker shall participate in the Command's Bloodborne Pathogen Program orientation as scheduled by the Senior Medical Department Representative. The health care worker shall also participate in annual training and training for new procedures with the potential for occupational exposure to bloodborne pathogens. Health care worker(s) involved in an exposure incident shall follow MTF regulations and procedures.
- (f) Management of HIV positive health care worker shall be consistent with current Centers for Disease Control (CDC) guidelines and Section 503 of the Rehabilitation Act (29 U.S.C. Section 793) and its implementing regulations (41 CFR Part 60-741).
- (g) The health care worker shall comply with the CDC's "Universal Precautions" for prevention of the transmission of HIV during all procedures.
- (h) The health care worker shall become acquainted with and obey all station regulations, shall perform in a manner to preclude the waste of utilities, and shall not use Government telephones for personal business. All motor vehicles operated on

these installations by the health care worker shall be registered with the base security service according to applicable directives. Eating by the health care worker is prohibited in patient care areas and is restricted to designated areas. Smoking is prohibited in all clinic facilities.

(i) All financial, statistical, personnel, and technical data which is furnished, produced or otherwise available to the health care worker during the performance of this contract are considered confidential business information and shall not be used for purposes other than performance of work under this contract. Such data shall not be released by the health care worker without prior written consent of the Technical Liaison. Any presentation of any statistical or analytical materials, or any reports based on information obtained from studies covered by this contract, will be subject to review and approval by the Technical Liaison before publication or dissemination.

(j) The Secretary of the Navy has determined that the illegal possession or use of drugs and paraphernalia in a military setting contributes directly to military drug abuse and undermines Command efforts to eliminate drug abuse among military personnel. The policy of the Department of the Navy (including the Marine Corps) is to deter and detect drug offenses on military installations. Measures to be taken to identify drug offenses on military installations, and to prevent introduction of illegal drugs and paraphernalia, include routine random inspection of vehicles while entering or leaving with drug detection dogs when available, and random inspection of personal possessions on entry or exit if there is probable cause to believe that a health care worker has been engaged in use, possession, or trafficking of drugs, the health care worker may be detained for a limited period of time until he or she can be removed from the installation or turned over to local law enforcement personnel having jurisdiction. When illegal drugs are discovered in the course of an inspection or search of a vehicle operated by the health care worker, the health care worker and vehicle may be detained for a reasonable period of time necessary to surrender the individual and vehicle to appropriate civil law enforcement personnel. Action may be taken to suspend, revoke, or deny installation driving privileges. Implicit with the acceptance of this contract is the agreement by the health care worker to comply with all Federal and State laws as well as regulations issued by the Commander of the military installation concerning illegal drugs and paraphernalia.

#### LIABILITY INSURANCE

(a) Before commencing work under a contract, the contractor shall certify to the Contracting Officer in writing that the required insurance has been obtained. The following insurance as referenced in FAR 28.307, is the minimum insurance required:

(b) General liability - Bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence.

(c) Automobile liability - Automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

#### **CONSUMPTION TAX**

(a) The Governments of the United States and Japan have agreed that this contract is exempt from the Japanese Consumption Tax. In accordance with paragraph (c) of the clause FAR 52.229-6, "TAXES -- FOREIGN FIXED-PRICE CONTRACTS (FEB 2013)," the offerors or quoters shall not include the Consumption Tax (including underlying taxes) in their proposal or quotations. By submission of your proposal or quotation, you are certifying that your proposal or quotation does not contain any such tax. The following U.S. Government (USG) proof of purchase forms shall be used to claim the exemption at tax offices:

USG Standard Form 1034  
 USG Standard Form 1113  
 USG Standard Form 44  
 Department of Defense Form 1155  
 Navy Comptroller Form 2277

(b) The Contractor shall retain the appropriate USG proof of purchase forms set forth above for a period of seven (7) years. In addition, the Contractor shall maintain adequate records containing all pertinent information with regard to the claiming of Consumption Tax exemptions related to this contract. These records shall be subject to review by the Contracting Officer, or his or her designated representative, at any time up to seven (7) years from the date of final payment under this contract.

(c) Any questions concerning the applicability of the Consumption Tax should be directed to the appropriate local tax office.

#### **CUSTOMS AND TAX EXEMPTION**

(a) The Contractor shall, notwithstanding any other clause in this contract to the contrary, be required to submit a request in writing to the Contracting Officer for issuance of a Tax Exemption Certificate for any import duties and all taxes paid or to be paid from which the U.S. Government is entitled to an exemption. These taxes and duties are enumerated in Article XII of the Status of Forces Agreement under Article VI of the Treaty of Mutual Cooperation and Security between the Governments of the United States of America and Japan, regarding facilities areas and the status of United States Armed Forces in Japan. The Contractor's request shall include the following information:

- (1) Name of contractor;
- (2) Contract number and job order number (if applicable);
- (3) Nomenclature of taxable material to be delivered and intended use;
- (4) Quantity of taxable material used or to be delivered; and
- (5) Period of taxable material use.

(b) In the case of gasoline and other petroleum products, the Contractor shall be responsible for making every reasonable effort to determine the accuracy of his figures on consumption. In this regard, the Contractor shall, upon request of the Contracting Officer, present all available data used by the Contractor as the basis for determining such figures. The Contractor shall be required to maintain adequate records containing all pertinent information with regard to the above requirements. Further, these records shall be subject to review by the Contracting Officer at any time up to three years from the date of final payment under this contract.

#### **NAVY USE OF ABILITYONE SUPPORT CONTRACTOR**

NAVSUP FLC Yokosuka may utilize contractor support through the AbilityOne Program, as needed, to perform contract closeout functions for this acquisition. Information, including business sensitive/confidential or proprietary data, that the offeror provides to the Government or information already in the possession of the Government may be viewed and utilized by the AbilityOne Program support contractor personnel during the course of its contract performance. The information that may be made available to the support contractor may include, for example, pricing and technical proposals, historical contract, pricing and performance information, Commercial Asset Visibility (CAV) reporting information and similar data/information.

By submission of a proposal in response to this solicitation, the offeror and its subcontractors consent to a release of their business sensitive/confidential or proprietary data to the Government's AbilityOne Program support contractor personnel in order to perform close out services. Prior to the release of any such information to the support contractor, the support contractor will have in place with the Government a Non-Disclosure/Non-Use Agreement in accordance with the terms of the AbilityOne Program support contract.

Offerors may execute their own Non-Disclosure Agreement with the AbilityOne Program (AbilityOne contact information available from the contracting point of contact). The support contractor must provide copies of the executed agreements to the Contracting Officer and the Contracting Officer's Representative (COR) for the support contract; and the offeror/contractor for this acquisition must provide copies of the executed Agreement to the Contracting Officer for this acquisition. If the offeror/contractor seeks such a Non-Disclosure Agreement with the AbilityOne Program support contractor, the Agreement must be executed no later than the date of final delivery under the resulting NAVSUP FLC Yokosuka contract.

#### **EXPEDITING CONTRACT CLOSEOUT**

(a) As part of the negotiated fixed price or total estimated amount of this contract, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of \$1,000 or less at the time of final contract closeout. The term "residual dollar amount" shall include all money that would otherwise be owed to either party at the end of the contract, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

#### **Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information**

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

**APPLICABILITY**

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC login for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

**ACCESS TO FEDERAL FACILITIES**

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager upon arrival to the Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

**START-UP PERIOD**

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance of the performance start date.

Definition of "productive":

- a. Visit Authorization Request (VAR)
- b. Contractor Information Sheet (CIS)
- c. Completed EQIP (Electronic Investigation)
- d. All contractor resource(s) must have an active JPAS profile.
- e. Common Access Card (CAC)

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

**ACCESS TO DOD INFORMATION TECHNOLOGY ( IT) SYSTEMS**

In accordance with (IAW) Secretary of the Navy (SECNAV) M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to sensitive information. Sensitive information includes information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) or T5 or T5R equivalent investigation, which is a higher level investigation than the National Agency Check with Law and Credit (NACLC)/T3/T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy Command's CSM and ISSM/IAM upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the "supervisor".

The SAAR-N shall be forwarded to the Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

#### **INTERIM ACCESS**

The Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

#### **DENIAL OR TERMINATION OF ACCESS**

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

#### **CONTRACTOR'S SECURITY REPRESENTATIVE**

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

#### **BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES**

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Contractor employees under this contract are recognized as Non-Critical Sensitive [ADP/IT-II] positions when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC or T3 or T3R equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The investigation consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Command Security Manager. The Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM); Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

#### **BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES**

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc. ...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a US citizen or a US permanent resident with a minimum of 3 years of legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) or T1 investigation equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM

Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

\* Consult with your CSM and ISSM/IAM for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

#### **JAPANESE CONCILIATION PROCEDURES**

(a) Except as otherwise provided in this contract any disagreement arising under this contract which is not resolved by the parties to this contract may be submitted to the US-Japan Joint Committee for conciliation in accordance with paragraph 10, Article XVIII, of the Status of Forces Agreement under Article VI of the Treaty of Mutual Cooperation and Security between Japan and the United States of America. Request by the Contractor for conciliation shall be made in accordance with the procedures provided herein.

(b) In the event the Contractor desires conciliation after the decision of the Contracting Officer has been served upon him, he will first file his appeal from such findings of fact within the time limits described therein before filing request for conciliation with the Joint Committee and then request for appellate authority under the clause of this contract entitled Disputes to suspend its action on his appeal until such time as the Joint Committee has had an opportunity for effecting conciliation.

(c) The request for conciliation will be submitted by the Contractor through the nearest local Japanese Defense Facilities Administration Bureau to the Contract Conciliation Panel of the Joint Committee. Upon the filing of the request with the Joint

Committee, the Contractor will immediately notify the Contracting Officer in writing that the request for conciliation has been filed.

(d) In the event the disagreement submitted to the Joint Committee under subparagraph (b) above has been resolved through conciliation, it will be the responsibility of the Contractor to notify the appellate authority designated in the clause of this contract, entitled Disputes, of the settlement of the dispute and to withdraw his appeal.

(e) In the event the Contractor who has submitted a request for conciliation to the Joint Committee under subparagraph (b) above desires, notwithstanding the pending request for conciliation, that action by the appropriate authority under the clause of this contract entitled Disputes be resumed on his appeal, it is his responsibility to so request the said authority in writing. The Joint Committee shall be immediately informed by the Contractor of his action taken hereunder.

(f) No request for conciliation can be submitted to the Joint Committee in the case of a dispute upon which the final decision of the appropriate authority under the clause of this contract entitled Disputes has been rendered. Pending the hearing of conciliation panel the Contractor shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision. The provisions of this clause shall not prejudice any right which the parties to the contract may have to file a civil suit.

#### **AUTHORIZED CHANGES ONLY BY THE CONTRACTING OFFICER**

(a) Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the Contractor's facilities or in any other manner communicate with Contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

(b) The Contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as a part of this contract.

(c) The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract and notwithstanding provisions contained elsewhere in this contract, the said authority remains solely with the Contracting Officer. In the event the Contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof. The address and telephone number of the Contracting Officer is:

(ii) A request to enter into a personal services contract for a location outside of a medical treatment facility must be approved by the chief of the medical facility who is responsible for the area in which the services will be performed.

(2) Services of clinical counselors, family advocacy program staff, and victim's services representatives (see paragraph (b)(ii)(A)(3) of this section), shall be in accordance with agency procedures.

(D) The contracting officer must ensure that the requiring activity provides a copy of the approval with the purchase request.

(E) The contracting officer must provide adequate advance notice of contracting opportunities to individuals residing in the area of the facility. The notice must include the qualification criteria against which individuals responding will be evaluated. The contracting officer shall solicit applicants through at least one local publication which serves the area of the facility. Acquisitions under this section for personal service contracts are exempt from the posting and synopsis requirements of FAR Part 5.

(F) The contracting officer shall provide the qualifications of individuals responding to the notice to the commander of the facility for evaluation and ranking in accordance with agency procedures. Individuals must be considered solely on the basis of the professional qualifications established for the particular personal services being acquired and the Government's estimate of reasonable rates, fees, or other costs. The commander of the facility shall provide the contracting officer with rationale for the ranking of individuals, consistent with the required qualifications.

(G) Upon receipt from the facility of the ranked listing of applicants, the contracting officer shall either—

(1) Enter into negotiations with the highest ranked applicant. If a mutually satisfactory contract cannot be negotiated, the contracting officer shall terminate negotiations with the highest ranked applicant and enter into negotiations with the next highest.

(2) Enter into negotiations with all qualified applicants and select on the basis of qualifications and rates, fees, or other costs.

(H) In the event only one individual responds to an advertised requirement, the contracting officer is authorized to negotiate the contract award. In this case, the individual must still meet the minimum qualifications of the requirement and the contracting officer must be able to make a determination that the price is fair and reasonable.

(I) If a fair and reasonable price cannot be obtained from a qualified individual, the requirement should be canceled and acquired using procedures other than those set forth in this section.
